Hello,

I would like to recognize and appreciate **Shlok Sathwara** for his excellent contribution during his internship with the IT Department.

Shlok consistently demonstrated a strong desire to understand the purpose and business value behind the **Linde Helpdesk Portal** before starting development. His curiosity and eagerness to learn enabled him to quickly grasp both frontend and backend technologies and deliver high-quality solutions.

Beyond his technical skills, Shlok showed remarkable leadership qualities. He maintained clear communication with all stakeholders, effectively coordinated team activities, and ensured tasks were distributed and completed efficiently. His ability to keep the project on track and deliver within a challenging timeline was highly commendable.

He approached challenges with a positive attitude, remained composed under pressure, and adapted quickly to changing requirements without losing momentum. Throughout his internship, Shlok displayed significant growth as both a developer and a team leader.

His dedication, ownership, and professionalism made a positive impact on the project and the team. It was a pleasure working with him, and I am confident he has a bright future ahead in software engineering. I would be happy to work with him again in the future.

Best Regards,

Miteshkumar Mehta
